

Kurn Hattin Testimonials of Students and Employees

Would Not Recommend - Kurn Hattin House Parent Review: Westminster, VT - October 2024 - It seems like management doesn't care about your concerns. They do offer on campus housing but during my stint there I was placed in the apartments that were meant for families visiting their children on campus and it was perpetually freezing and there were always problems with it.

I kept complaining to the higher ups about it and nothing was done. I kept complaining to the maintenance man about it and he would leave my texts unread and not resolve the problem. It felt like it was a bait and switch because they told me upon hire that I would only be there for a short time. But when I asked her for a time frame, she said she "wasn't sure"! I think it's because they are short staffed and have high turnover so she was just trying to get people through the door.

You will earn the same fixed amount of money regardless of hours worked. Lack of communication between staff members as they seemed to have removed the ability to move through the cottages. I did enjoy working with the children, though and it is very isolated if you don't have a car.

Pros: Free lunches! Cons: Negligent management. Not paying attention to staff needs. High turnover.

Houseparent in Westminster, VT - Fun when with the kids. Poor Residential Communication. Also, they don't back up their employees as far as with residential life with kids. They hire houseparents with lack of education on children with issues.

Pros: The children. Cons: Poor communication. Lack of education and training time for some houseparents that have no kids.

Mystik Ashe - April 2024 - This place was abusive for me and they don't stop bullying when it happens. The adults harassed me and made me feel bad about myself especially academically and for 6 years i suffered.

Isis Colon - December 2024 - Do not send your kids here. they lack diversity and it's first through eighth grade. and they have less than 60 kids here. and they bully and they don't stop bullying when it happens. it messes with your mental and emotional please never send your kids here.

Jaliyah Wheeler - December 2024 - Do not come here it messes with you mentally I wanted to end it all like please do not send your kids here.

Angong Yai – August 2024 - This is the worst place I have ever went too.
